2. **Live Foal Guarantee:** A live foal is defined as a newborn foal that stands and nurses without assistance. If the mare is found open, aborts or foal is still born, Mare Owner will be issued a Rebreed Contract. Breeder must be notified within seven (7) days of occurrence for Rebreed to be valid. If Mare Owner sells said mare the live foal guarantee is terminated.
3. **Rebreeds:** If said mare does not produce a live foal the first breeding season, mare can return on a Rebreed Contract during the following year. Mare Owner is responsible for the chute fee and any other expenses that may be incurred. If Mare Owner fails to return mare for breeding the following year; then all fees paid are forfeited, Rebreed Contract is terminated, and Breeder is released from all further obligations. All third year rebreeds are at sole discretion of Breeder.
4. **Embryo Transfer:** Mare Owner must note on the top of this contract if this contract is for Embryo Transfer. In event, that multiple embryos are retrieved from single flush, Mare Owner agrees to notify Breeder once the additional recipient mares have been confirmed in foal with heartbeat. Additional Breeders Certificates will be issued when all additional Breeding Fees are paid.
5. Mare Owner agrees to provide Breeder with status of pregnancy within forty-five (45) days from the date of ovulation. Failure to contact Breeder by September 1<sup>st</sup> will result in \$50 late fee to add mare to the stallion breeding report.
6. This contract is valid for the 2023 breeding season only. If contract is not fulfilled during the 2023 breeding season, it will become a Rebreed Contract and will incur an additional \$500 chute fee and any additional stallion fee.
7. The 2023 Breeding Season begins February 15<sup>th</sup> and ends July 1<sup>st</sup>.
8. If Stallion dies, is sold, or is unfit for service, then this contract shall become null and both parties are relieved from any further obligation. All monies paid by Mare Owner will only be returned by discretion of Breeder. If Stallion dies, is sold, or is unfit for service for a rebreed contract, Breeder will provide a replacement option.
9. If Mare dies or is deemed not sound for breeding, Mare Owner can provide a substitution. No monies will be returned
